THE CUISINE WAR

Logline

Daniel Cromwell is the toast of the Culinary World until he is faced with food influencer, Charlie McCarthy, who attempts to dethrone him.

Synopsis

Daniel's world is turned upside down when the reigns of the media outlet he writes food reviews for, are passed to Lea. She decides to shake things up by bringing in a viral sensation: Charlie, an undercover food critic with millions of social media followers, thus provoking a Culinary War between Daniel & Charlie.

Enter, Daniel's headstrong daughter Shannon, who also wants to get into the spotlight, hence she enters herself into a Food Reality competition that takes the country by storm. Shannon's mentor on the competition is "FoodGod," a delectable food guru who has a score to settle with Daniel. After many hoops and near mishaps, Shannon wins the competition along with the grand prize, her own restaurant.

During one of Charlie's anonymous food reviews, he meets Shannon and falls for her intensely. But there is only one obstacle, her father/his foe, Daniel. This adds insult to injury, as far as Daniel is concerned, hence he takes his tactical warfare to another level in his quest to stop Charlie from destroying his career and stealing his precious daughter.

Over the course of the story, audiences will laugh and get emotional in a film about Food, Winners & Losers. Who is up to the Challenge? This is a Fast Paced, Crowd Pleaser, with a Smorgasbord of Fun & Excitement.
