

A dramatic coastal scene at sunset. In the background, a white lighthouse with a glowing light sits atop a dark, rocky cliff. The sea is visible to the left, with a small rock formation in the water. The sky is a mix of orange, yellow, and purple. Overlaid on the right side of the image is the text 'JUMP OUT' in large, bold, yellow letters with a distressed, cracked texture. The word 'JUMP' is on the top line and 'OUT' is on the bottom line.

# SYNOPSIS

A group of British university students celebrate the end of their studies by traveling to Cyprus to meet with their friend Robin and attend a wild party on a stunning beach. Robin persuades them in the early hours of the morning to drive to a famous cliff jump. When they take the leap of faith, Vicky badly injures herself on the rocks and they have to seek shelter on a nearby small island. The island is uninhabited but strange things start to happen. They discover they are not alone and they are being hunted by the spirit of a famous 17th Century Smuggler, *Theobald Mayhew*, who was killed in the most horrible way and is now seeking his revenge!

JUMP  
OUT

An aerial photograph of a rugged coastline. A prominent cliff face is visible, with a lighthouse tower on the left. The sea is a deep blue, and the sky is a lighter blue. The word 'SYNOPSIS' is written in large, semi-transparent purple letters across the top. The word 'Long' is written in a cursive font above the 'S' in 'SYNOPSIS'.

# Long SYNOPSIS

Robin invites his group of his university friends to join him in Cyprus. After a fish lunch and surfing, he takes them to a hedonistic party on the stunning beach. As the party winds down, he drives them to a remote part of the coast to jump off a famous cliff. Vicky shatters her knee when she jumps off the cliff. Snapped out of their hangovers, they have to seek shelter and get help, the currents soon take them to a small island and they help their friend to a cave and stem the bleeding.

Unable to climb back up the sheer eroded cliff, and without their phones in hand to call for help, the group find themselves battling with impending hypothermia, infection and blood loss. Robin swims back to the mainland to seek help with Tyler, the four remaining friends are left with only the cave as shelter. Anissa has trained as a doctor and tries to do her best to help the injured Vicky. Rizal finds a mysterious old backpack that brings some slight relief and they manage to light a fire.

Haunting noises and ghostly visions freak the friends out and they feel a sinister presence is lurking nearby. Tyler returns to find Bella who has found a body in the woods and is beyond words.

As the mysterious spirit preys on its victims by picking them off one by one, the group desperately try to find a way to survive the night. Members of the group meet their demise, facing the horrors of the shapeshifting spirit who will stop at nothing until his victims are all dead. Tyler is the first victim, then followed by Vicky and Bella. Survivors Anissa and Rizal see the light is on in the island's only building, an out-of-use lighthouse. Soon they realise that their arrival on the island is not a coincidence, but in fact their nightmare is about to get much worse.

# *Long* SYNOPSIS

They are being hunted by the spirit of Theobald Mayhew, a villainous smuggler who was tortured and murdered for his crimes, without trial, in the 17th Century. The brutalisation he was forced to suffer motivates his relentless search for revenge. He has power over his distant nephew Robin who has brought his friends to the island so he can have his revenge.

Rizal and Anissa head to the lighthouse as the light is now shining. This time the door is open. They find a room full of old shipping logs, gunpowder and swords and treasures much like a movie set. Robin is waiting for them and knocks them out. They come around and are tied up on old chairs and Robin brandishing a sword reveals his true intentions. He has pain and murder on his mind. He is joined by the spirit of his Uncle Theobald Mayhew. He stabs Rizal who manages to cut himself free and they fight like dogs. Both oozing blood they end up in the Lantern room. Anissa and Rizal manage to push Robin out of the window backwards and he falls to his death. Anissa and Rizal face Theobald one more time and work together to defeat him.

They make a narrow escape as they jump out of the lighthouse as the fire rages to an inferno and the lantern room is engulfed with flames.

JUMP OUT is a PSYCOLOGICAL THRILLER, a cinematic roller coaster ride that guarantees audiences will be kept on the edge of their seats until the end.
